

## Enough Blood > Hebrews 9:11-28

**9:11-14** *Jesus made the sacrifice.* Christ's sacrifice is better and greater than any other because it actually purifies us and removes our guilt.

**9:15-22** *Jesus secures our inheritance.* Christ's blood releases us from our sin and secures our promised inheritance.

**9:23-28** *Jesus is the perfect and final sacrifice.* Jesus has dealt with our sins entirely and completely by his death and resurrection. He will return to complete our salvation.

**Background:** Chapter 9 has been highlighting the parallels and contrasts between the old covenant and the new, between what is imperfect and fading away versus what will last forever in Christ.

**The Point:** Jesus has done the complete and full work necessary to remove the sins of everyone who trusts in him for salvation.

**Head:** Know that Jesus has sacrificed himself for his people.

**Heart:** Believe that Christ's sacrifice is enough to release you from your sins and secure for you an eternal inheritance of God's presence and blessing.

**Hands:** Live in a way that eagerly awaits Jesus – respond to his completed work by your joy and faithfulness in private, at home and work, in your neighborhood, online, and in the community.

**Here is how I will apply these truths:** \_\_\_\_\_
